¶102.9 EUROPEAN COUNCIL NOISE RULE

Mr. DUNCAN moved to suspend the rules and agree to the following concurrent resolution (H. Con. Res. 187); as amended:

Whereas for more than 50 years, the International Civil Aviation Organization (in this resolution referred to as the "ICAO") has been the single entity vested with authority to establish international noise and emissions standards and, through the ICAO's efforts, aircraft noise has decreased by an average of 40 percent since 1970;

Whereas the ICAO is currently working on an expedited basis on even more stringent international noise standards, taking into account economic reasonableness, technical feasibility, and environmental benefits;

Whereas international noise and emissions standards are critical to maintaining the economic viability of United States aeronautical industries and to obtaining their ongoing commitment to progressively more stringent noise reduction efforts;

Whereas European Council Regulation No. 925/1999, banning certain aircraft meeting the highest internationally recognized noise standards from flying in Europe, undermines the integrity of the ICAO process and undercuts the likelihood that new Stage 4 aircraft noise standards will be developed;

Whereas while no regional standard is acceptable, European Council Regulation No. 925/1999 is particularly offensive because there is no scientific basis for the regulation and because the regulation has been carefully crafted to protect European aviation interests while imposing arbitrary, substantial, and unfounded cost burdens on United States aeronautical industries;

Whereas the vast majority of aircraft that will be affected by European Council Regulation No. 925/1999 are operated by United States flag carriers; and

Whereas implementation of European Council Regulation No. 925/1999 will result in a loss of jobs in the United States and may cost United States aeronautical industries in excess of \$2,000,000,000: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That it is the sense of Congress that—

(1) if European Council Regulation No. 925/1999 is not rescinded by the European Council at the earliest possible date, the Secretaries of Transportation and State should take all appropriate actions to ensure that a petition regarding the regulation is filed with the International Civil Aviation Organization pursuant to Article 84 of the Chicago Convention; and

(2) the Secretaries of Commerce, State, and Transportation and other appropriate parties should use all reasonable means available to them to ensure that the goal of having the regulation rescinded is achieved.

Whereas the diplomatic, consular, communications, trade, development, administrative, security, and other functions the men and women of the Foreign Service of the United States perform are crucial to the United States national interest;

Whereas the men and women of the Foreign Service of the United States, as well as their families, are constantly exposed to danger, even in times of peace, and many have died in the service of their country; and

Whereas it is appropriate to recognize the dedication of the men and women of the Foreign Service of the United States and, in particular, to honor those who made the ultimate sacrifice while protecting the interests of the United States: Now, therefore, be it

Whereas René Preval was elected president of Haiti on December 17, 1995, and inaugurated on February 7, 1996;

Whereas a political impasse between President Preval and the Haitian Parliament over the past 2 years has stalled democratic development and contributed to the Haitian people's political disillusionment;

Whereas Haiti's economic development is stagnant, living conditions are deplorable, and democratic institutions have yet to become effective;

Whereas Haiti's political leaders propose free, fair, and transparent elections for local and national legislative bodies; and

Whereas Haiti's new independent Provisional Electoral Council has scheduled those elections for November and December 1999: Now, therefore, be it
